

Our thoughts go out to the individuals, schools and communities that have been affected by COVID-19.

We want to make you aware of the precautions JourneyEd is taking to protect the health and safety of our employees, their families, our clients and our communities while maintaining a constant level of client service.

We are proud to have robust technology in place that enables our employees to efficiently and effectively provide client service remotely if they are unable to report to our offices. We have also established remote working guidelines in each of our lines of business to help ensure we meet deadlines to deliver our work to you.

We continue to monitor this quickly evolving situation and if you have any questions or concerns, please contact us.

NEAR TERM RECOMMENDATIONS

- 1. Make laptop purchases sooner rather than later.** The demand for laptops/chromebooks is increasing dramatically because many organizations are moving to working remotely in the short term and it is causing some supply issues.
- 2. Only work with reputable suppliers.** Demand caused by this situation is attracting scammers so if you are contacted out of the blue by someone offering a deal that sounds too good to be true, then it probably is.

REMOTE LEARNING SOLUTIONS

Google Docs/Drive/Hangouts	FREE
Microsoft Teams*	FREE w/ Microsoft 365 A
